You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the

## Where To Download

variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

Kawasaki remedied this situation for the '96 model year with the introduction of the Vulcan 1500 Classic, a fat-tired retro-redraft of the biggest V-twin in production. This was not just a matter of slinging on some puffy bodywork and breaking for lunch—Kawasaki engineers rolled up their sleeves and got downright greasy.
