The Study of Suicide by Emile Durkheim

However, he is most famed for his classic methodological – and rather positivist – work, *Suicide: A Study in Sociology* (First published in 1897). The dictionary definition of suicide is “the intentional killing of oneself” (Marshall, 1998).

Suicide - A Study in Sociology Free Essay Example

Suicide: A Study in Sociology is an 1897 book written by French sociologist Émile Durkheim. It was the first methodological study of a social fact in the context of society. It is ostensibly a case study of suicide, a publication unique for its time that provided an example of what the sociological monograph should look like. According to Durkheim, the term suicide is applied to all cases of death resulting directly or indirectly from a positive or negative act of the victim ...

The study, conducted at UC's Center for Prevention Science, found that between 2015 to 2018, there was a 16% increase in suicide ideation, an 18.6% increase in suicide planning, and an 11.6% ...

Suicide watch more important now than ever, study says

Durkheim's book 'Suicide: A Study in Sociology' was the first major sociological study on suicide, from this a debate arose and helped make suicide a huge topic in sociology. He chose suicide as it was more suited to a psychological rather than sociological explanation, he decided if he could show suicide's link to society then the value of society would be established.
